Neurofeedback

The First Fifty Years

Neurofeedback: The First Fifty Years features broadly recognized pioneers in the field sharing their views and contributions on the history of neurofeedback. With some of the pioneers of neurofeedback already passed on or aging, this book brings together the monumental contributions of renowned researchers and practitioners in an unprecedented, comprehensive volume. With the rapid and exciting advances in this dynamic field, this information is critical for neuroscientists, neurologists, neurophysiologists, cognitive and developmental psychologists and other practitioners, providing a clear presentation of the frontiers of this exciting and medically important area of physiology.
