Cortada

The Digital Hand, Volume 2

How Computers Changed the Work of American Financial, Telecommunications, Media, and Entertainment Industries

The Digital Hand, Volume 2 is an historical survey of how computers and telecommunications have been deployed in over a dozen industries in the financial, telecommunications, media, and entertainment sectors over the past half century. It is part of a sweeping three-volume description of how management in some forty industries embraced the computer and changed the American economy.
