Comparative Law

The Yearbook reviews significant legal developments in international commerce, and offers an important forum for legal practitioners to address and compare practical legal issues of direct interest to their areas of specialisation.

Each volume of the Yearbook features a comprehensive range of articles written for and by leading practitioners and advisers working in the international business sector.

Volume 16, the new volume for 1994, addresses key issues in general commercial law, company law, environmental law, foreign investment and litigation, procedure and dispute resolution. The Yearbook is published under the auspices of the Center for International Legal Studies.
