The Book
Foreign creditors, assets or an establishment abroad are examples of various issues that add an international element and complexity to insolvency and restructuring, especially where cross-border corporate group cases are concerned. A clear understanding of the legal issues and approaches in a foreign jurisdiction is therefore essential in cross-border cases.
From Australia to the United States, this Handbook provides a global collection of approx. 50 hands-on restructuring toolkits at national levels and introductions to multilateral procedural and collision rules. The national restructuring toolkits are practical introductions to national insolvency and restructuring jurisdictions. By focusing is on the typical requirements of modern cross-border insolvency practice, the book provides clear, concise and essential information on foreign jurisdictions allowing swift comparison and comprehension of core insolvency and restructuring issues. With graphical charts of procedures and glossaries of key terminology for each jurisdiction this Handbook is an indispensable tool for insolvency and restructuring practice worldwide.

The Advantages at a Glance

- Practice-focused
- Global guide
- Glossary of key terminology

The Target Group
For all parties involved in restructuring or insolvency situations, legal and tax advisors, auditors, insolvency practitioners, members of the judiciary, academics.
