

Advances in Child Development and Behavior

Advances in Child Development and Behavior is intended to ease the task faced by researchers, instructors, and students who are confronted by the vast amount of research and theoretical discussion in child development and behavior. The serial provides scholarly technical articles with critical reviews, recent advances in research, and fresh theoretical viewpoints. Volume 29 discusses working memory, parent-adolescent relationships, maternal responsiveness and early language acquisition, early knowledge acquisition, schooling as a cultural process, and pre-adolescent peer relations.
