Very few books have products as diverse as those of the grape vine: even fewer have products with such a cultural significance. Wine and the Vine provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present. It considers wine as both a unique expression of the interaction of people in a particular environment, rich in symbol and meaning, and a commercial product of great economic importance to particular regions.

Provides an introduction to the historical geography of viticulture and the wine trade from prehistory to the present, considering wine as a symbol, rich in meaning and a commercial product of great economic importance to specific regions.

Artikelnummer: 9780415031202
