Williams

# Mahayana Buddhism

The Doctrinal Foundations

Originating in India, Mahayana Buddhism spread across Asia, becoming the prevalent form of Buddhism in Tibet and East Asia. Over the last twenty-five years Western interest in Mahayana has increased considerably, reflected both in the quantity of scholarly material produced and in the attraction of Westerners towards Tibetan Buddhism and Zen. Paul Williams' Mahayana Buddhism is widely regarded as the standard introduction to the field, used internationally for teaching and research and has been translated into several European and Asian languages. This new edition has been fully revised throughout in the light of the wealth of new studies and focuses on the religion's diversity and richness. It includes much more material on China and Japan, with appropriate reference to Nepal, and for students who wish to carry their study further there is a much-expanded bibliography and extensive footnotes and cross-referencing. Everyone studying this important tradition will find Williams' book the ideal companion to their studies.
