Internationl Environ Law Reports v2

The second volume of the International Environmental Law Reports focuses on trade and environment. This volume provides a complete set of of the major dispute settlement or judicial decisions on environment-related issues under three international trade regimes: the General Agreement on Tariffs and Trade (GATT) and its successor the World Trade Organization (WTO); the Canada-USA Free Trade Agreement (precursor to the North America Free Trade Agreement); and the European Community. The book provides a summary of every case and full texts of relevant legal findings in selected cases. It also provides extracts from other cases dealing with issues relevant to future trade and environment controversies. A convenient compendium of key cases for policy makers in government and NGOs, academic researchers, business advisors, students, and for all who are interested in international trade law and in international environmental law.
