

Editing Technical Writing

Exhaustively illustrated and broad in scope, Editing Technical Writing is a comprehensive textbook and reference for students of technical editing and communication. It is also a training manual for working professionals in business and government who must revise documents to communicate technical information clearly and effectively. It examines the broad role of the editor from the collaborative writing of a document through proofreading and on to production. It also looks at different documents and the different styles of editing required for these. All in all this an essential manual and reference for the technical editor and should enable them to vastly improve their editing skills. Exhaustively illustrated and broad in scope, this is a comprehensive textbook and reference for students of technical editing and communication. It is also a training manual for working professionals in business and government who must revise documents to communicate technical information clearly and effectively.
