

World Development Report 1998/99: Knowledge for Development

This is the twenty-first annual edition of the World Development Report. It is the standard reference work for international economic data, containing an appendix of social and economic statistics for more than 200 countries. This edition will focus on the knowledge and information as a factor of development. It will examine both the benefits and risks of a rapidly increasing stock of global knowledge, as well as the role of the public sector and international organizations.
