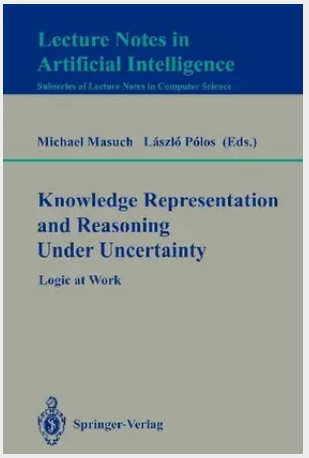
Knowledge Representation and Reasoning Under Uncertainty

Logic at Work



This volume is based on the International Conference Logic at Work, held in Amsterdam, The Netherlands, in December 1992. The 14 papers in this volume are selected from 86 submissions and 8 invited contributions and are all devoted to knowledge representation and reasoning under uncertainty, which are core issues of formal artificial intelligence. Nowadays, logic is not any longer mainly associated to mathematical and philosophical problems. The term applied logic has a far wider meaning, as numerous applications of logical methods, particularly in computer science, artificial intelligence, or formal linguistics, testify. As demonstrated also in this volume, a variety of non-standard logics gained increased importance for knowledge representation and reasoning under uncertainty.

Artikelnummer: 9783540580959
Medium: Buch
ISBN: 978-3-540-58095-9
Verlag: Springer
Erscheinungstermin: 28.06.1994
Sprache(n): Englisch
Auflage: Erscheinungsjahr 1994
Serie: Lecture Notes in Artificial Intelligence
Produktform: Kartoniert
Gewicht: 388 g
Seiten: 242
Format (B x H): 155 x 235 mm
