Libby Heaney

Quantum Soup / Quantensuppe

Libby Heaney worked for several years as a quantum physicist before turning to art. She is a pioneer in the use of quantum computing as an artistic technology, which she uses to create immersive visual worlds and develop a unique visual language that makes the multi-layered reality of the quantum world tangible to the senses. Her oeuvre includes video installations, game environments, sculptures, performances, and participatory experiments. This catalogue presents the latest works by this pioneering British artist.

LIBBY HEANEY is an award-winning British artist and quantum physicist. She lives and works in London, UK. Heaney is considered the first artist to use quantum computing as a working artistic medium.
