Rape and the Legal Process

For several decades public disquiet has been intermittently but vehemently expressed about the crime of rape and the way it is handled by the criminal justice system. But in the new millennium the legal process still fails to provide an adequate response to sexual violation and abuse. Rape and the Legal Process examines some of the difficulties which this crime presents and analyses in detail how the legal system could and should be addressing them.

For several decades public disquiet has been intermittently but vehemently expressed about the crime of rape and the way it is handled by the criminal justice system. But in the new millennium the legal process still fails to provide an adequate response to sexual violation and abuse. Rape and the Legal Process examines some of the difficulties which this crime presents and analyses in detail how the legal system could and should be addressing them.
