Terrorism

Commentary on Security Documents Volume 140: The Cyber Threat

Terrorism: Commentary on Security Documents is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism, as well as efforts by the United States and other nations to protect their national security interests. Volume 137, The Obama Administration's Second Term National Security Strategy, provides insight into the national security strategy pursued by the Obama administration, during its second term. The documents included in this volume include the Department of Defense's Quadrennial Defense Review, an assessment of the Department of Defense's strategy for operating in cyberspace, assessments of the ramifications of reducing the size and capabilities of the U.S. Army, and reports on naval irregular warfare and special operations forces.

Terrorism: Commentary on Security Documents is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism, as well as efforts by the United States and other nations to protect their national security interests. Volume 140, The Cyber Threat considers U.S. policy in relation to cybersecurity and cyberterrorism, and examines opposing views on cybersecurity and international law by nations such as Russia and China.The documents in this volume include testimony of FBI officials before Congressional committees, as well as detailed reports from the Strategic Studies Institute/U.S. Army War College Press and from the Congressional Research Service. The detailed studies in this volume tackling the core issues of cybersecurity and cyberterrorism include: Legality in Cyberspace; An Adversary View and Distinguishing Acts of War in Cyberspace; and Assessment Criteria, Policy Considerations, and Response Implications.
