Scott

Total Knee Arthroplasty

One of the world's leading authorities distills nearly 30 years of clinical and research experience into a practical guide to total knee arthroplasty. Each chapter is a self-contained presentation on a significant clinical challenge in knee replacement, featuring outstanding clinical photographs, drawings, and abundant summary tables. The book is supplemented by a DVD containing video clips with Dr. Scott's commentary, illustrating key techniques for both standard and complex knee replacements.
