

Communication in Nursing

Immerse yourself in the topic of communication in the workplace with an interesting conversation about the communication demands of today's nursing practice! Communication in Nursing, 8th Edition adopts a uniquely practical and personal approach, providing extensive examples, exercises, and techniques that help you understand important concepts and apply communication skills in a variety of clinical settings. With its conversational tone, this relatable text takes you beyond theory to show you how to use communication as a tool to limit stress in your nursing practice. A new Active Learning feature that promotes goal-directed reading, and additional QSEN exercises highlight the importance of assertive communication in promoting quality, safe care for clients - all in an easy-to-read magazine layout.
