The Cybersecurity Self-Help Guide

Cybercrime is increasing at an exponential rate. Every day, new hacking techniques and tools are being developed by threat actors to bypass security systems and access private data. Most people do not know how to secure themselves, their devices, and their media shared online. Especially now, cybercriminals appear to be ahead of cybersecurity experts across cyberspace. During the coronavirus pandemic, we witnessed the peak of cybercrime, which is likely to be sustained even after the pandemic. This book is an up-to-date self-help guide for everyone who connects to the Internet and uses technology. It is designed to spread awareness about cybersecurity by explaining techniques and methods that should be implemented practically by readers. Arun Soni is an international award-winning author who has written 159 books on information technology. He is also a Certified Ethical Hacker (CEH v8) from the EC-Council US. His achievements have been covered by major newspapers and portals, such as Business Standard, The Economic Times, Indian Express, The Tribune, Times of India, Yahoo News, and Rediff.com. He is the recipient of multiple international records for this incomparable feat. His vast international exposure in cybersecurity and writing make this book special. This book will be a tremendous help to everybody and will be considered a bible on cybersecurity.
