Writing Aesthetic History

This book examines transmissibility to remind us why the vitality and epistemic significance of an artwork is anachronistic and futural. *Transmissibility: Writing Aesthetic History* performs a transdisciplinary philosophy of aesthetic history via the work of Gilles Deleuze and Félix Guattari, Cy Twombly, Marina Abramović, Paul Celan, Cecil Taylor, Italo Calvino, Candida Höfer, and others by focusing on the artistic and historiographic labor that differentiates artworks from other modes of creation.
