

Tolentino

Multinational Corporations

Emergence and Evolution

This work presents case-studies of the emergence and evolution of Multinational Corporations (MNCs) based in eleven developed and developing countries of widely divergent patterns of national development. From this analysis, Tolentino develops a comprehensive theory of the emergence and evolution of MNCs from a macroeconomic perspective.

This work presents case-studies of the emergence and evolution of Multinational Corporations based in eleven developed and developing countries of widely divergent patterns of national development.
