

Teleworking

New International Perspectives From Telecommuting to the Virtual Organisation

Teleworking is an up-to-date, groundbreaking and comprehensive assessment of teleworking. It includes * multidisciplinary contributions drawing on sociology, management science, economics, philosophy and information technology * analysis of post-modern and post-industrial theoretical contexts * a selection of empirical studies from across the world * accounts of different modes of teleworking, from homeworking to centre-based working * examination of the links between teleworking and the virtual organisation Wide-ranging, detailed and original, this book is a valuable introduction to teleworking and an important contribution to the debate on the future of the labour market.

This book is an up-to-date, groundbreaking and comprehensive assessment of teleworking. It includes contributions from a wide range of subject areas and examines all facets of telework, including, homeworking to centre-based working.
