Postmodernism and Islam

Predicament and Promise

Can West and East ever understand each other? In this extraordinary book one of the world's leading Muslim scholars explores an area which has been almost entirely neglected by scholars in the field - the area of postmodernism and Islam. This landmark work is startling, constantly perceptive and certain to be debated for years to come.

A marvellous and accessible guide to one of the great issues in the world today. If you have been puzzled and bewildered by the mixed messages abounding in the relations between Islam and the western world, this is the book for you.
