

Haraway

Primate Visions

Gender, Race, and Nature in the World of Modern Science

Haraway's discussions of how scientists have perceived the sexual nature of female primates opens a new chapter in feminist theory, raising unsettling questions about models of the family and of heterosexuality in primate research.

Haraway's discussions of how scientists have perceived the sexual nature of female primates opens a new chapter in feminist theory, raising unsettling questions about models of the family and of heterosexuality in primate research.
