Inventing Indigenous Knowledge

Archaeology, Rural Development and the Raised Field Rehabilitation Project in Bolivia

This volume provides a multi-sited and multivocalic investigation of the dynamic social, political and economic processes in the creation and implementation of an agricultural development project. The raised field rehabilitation project attempted to introduce a pre-Columbian agricultural method into the contemporary Lake Titicaca Basin.

First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.
