Ishay

The Human Rights Reader

Major Political Essays, Speeches and Documents From Ancient Times to the Present

The second edition of The Human Rights Reader presents a dramatically revised organization and updated selections, including pieces on globalization and the war on terrorism. Each part of the Reader corresponds to five historical phases in the history of human rights and explores for each the arguments, debates, and issues of inclusiveness central to those eras. This edition is the most comprehensive and up-to-date collection of essays, speeches, and documents from historical and contemporary sources, all of which are now placed in context with Micheline Ishay's substantial introduction to the reader as a whole and valuable introductions to each part and chapter.
