Simpson / Young / Barrows

Access 2007 All-In-One Desk Reference for Dummies

Give your Access confidence a boost by mastering the new interface! Your one-stop guide to the revised, mode user-friendly release of Access. Access 2007 got a total makeover, and this all-in-one guide helps you work with confidence even if you're all new to Access. The individual work with confidence even if you're all new to Access. The individual minibooks show you how to create and work with tables, queries, forms, reports, and macros; manage databases; and program Access with VBA. Discover how to: * Create a database quickly and easily from templates * Sort, find, and filter data * Use queries to gather data * Perform calculations in forms * Automate actions with macros * Secure your Access database
