The Trial Begins

Abram Tertz, one of the most important writers to emerge in the Soviet Union since World War II, came to prominence in 1959 when *On Socialist Realism* was published in the West. It was the first important critique of the central dogma of Soviet literature. It arrived with a novel, *The Trial Begins*, which was published in 1960. Other books followed these into the West, until in 1965 a respected literary scholar at the Gorky Institute, Andrei Sinyavsky was arrested, revealed to be Abram Tertz, tried, and sentenced to seven years in a forced labor camp.
