Enochic Judaism

Three Defining Paradigm Exemplars

From the Books of Enoch, Jackson identifies a paradigm of order as opposed to deviation, which defined orthodoxy and elect identity in a manner which was absolutely exclusive. Over 300 years "Enochic Judaism" developed three working models within this paradigm to explain their worldview and its implications. These three models concerned 1) the fall of the angels under Shemikhazah (ethnic purity); 2) the revealing of secrets under the leadership of 'Aza'el (cultural purity); and 3) the going astray of the cosmos through the sin of the angels who govern its phenomena (liturgical purity). Jackson examines the way in which this tradition was developed within the Dead Sea Scrolls literature and notes its acceptance as authentic and authoritative within the so-called sectarian literature in particular.
