Auld

Amos

'Amos is a book to which many people turn early in any serious engagement with Old Testament studies. And it is easy in fact to understand its contemporary popularity. Its tones of social protest, religious critique, and universalism are immediately perceived, and enjoy perennial appeal...'.

'Amos is a book to which many people turn early in any serious engagement with Old Testament studies. And it is easy in fact to understand its contemporary popularity. Its tones of social protest, religious critique, and universalism are immediately perceived, and enjoy perennial appeal...'.
