## Office XP Made Simple

---

Office XP is an upgrade of Office 2000, with new context-sensitive Smart Tags and task panes. It covers all the main components of Office such as Word, Excel, PowerPoint and Outlook, as well as features such as working with text and using tools that will enable you to gain a better understanding of the potential of the system. Inclusion of screen shots and basic steps throughout makes this an ideal guide introductory guide to the software.
