

Chudnovsky

Search Theory

Some Recent Developments

On the solution of an optimal search problem with an exponential detection function. Covers one- and two-sided detection problems by furnishing continuous and discrete time strategies; examines two-sided search strategies with solutions in hide and seek games in many discrete and continuous bounded

On the solution of an optimal search problem with an exponential detection function. Covers one- and two-sided detection problems by furnishing continuous and discrete time strategies; examines two-sided search strategies with solutions in hide and seek games in many discrete and continuous bounded
