

Vatican II

Did Anything Happen?

A collection of essays discussing the controversies surrounding Vatican II. For 40 years a battle has been waged over Vatican II between conservatives and liberals, between those who want to go "back to the sources" and those who champion "the spirit of the council." Benedict XVI is clearly one of those who started out a liberal only to end up in the conservative camp. Vatican II: Did Anything Happen? is clearly on the side of those who think something unprecedented happened, that a genie was let out of the bottle that will never be stuffed back. Comprised mainly of a collection of articles, mostly but not all from Theological Studies, that are without qualification some of the best analysis of the council ever written, this book is a long overdue look at one of the most controversial and revolutionary chapters in the history of the Catholic Church. Table Of contents 1. Vatican II: Did Anything Happen? John W. O'Malley, SJ 2. Against Forgetting: Memory, History, Vatican II Stephen Schloesser, SJ 3. Vatican II as an "Event" Joseph Komonchak 4. "The Times They Are a'Changin'": A Response to O'Malley, Schloesser

For 40 years a battle has been waged over Vatican II between conservatives and liberals, between those who want to go "back to the sources" and those who champion "the spirit of the council." *Vatican II: Did Anything Happen?* is clearly on the side of those who think something unprecedented happened, that a genie was let out of the bottle that will never be stuffed back.

Comprised mainly of a collection of articles, mostly but not all from *Theological Studies*, that are without qualification some of the best analysis of the council ever written, this book is a long overdue look at one of the most controversial and revolutionary chapters in the history of the Catholic Church.
