

Deleuze

Foucault

Gilles Deleuze (1925-1995) was Professor of Philosophy at the University of Paris VIII. He is a key figure in poststructuralism and one of the most influential philosophers of the twentieth century. In *Foucault*, Deleuze presents one of the most incisive and productive analyses of the work of Michel Foucault. This is a crucial examination of the philosophical foundations and principal themes of Foucault's work, providing a rigorous engagement with Foucault's views on knowledge, punishment, power, and the nature of subjectivity.
