

Rorschachiana

Journal of the International Society for the Rorschach

Unique contributions from the world of the Rorschach with articles on trauma-related imagery in first responders, the conceptual and practical implications of Rorschach complexity, the Zulliger Test as a means of describing posttherapy changes, and an extended Rorschach inquiry with a client from Togo. A special section focuses on the history and theory of the Rorschach, including an exploration of the historical influences on Rorschach's Psychodiagnostics and an examination of the relationship between Rorschach's inkblot test and C. G. Jung's Word Association Test.
