

Amplifying Activities for Great Experiential Learning

37 Practical and Proven Strategies

This book provides proven practical strategies and approaches to help you run your existing learning activities in new and more effective ways. It shows how by using distinct and deliberate strategies, teachers and trainers can guide and maximise the learning and development that their activity provides. The 37 ideas can all be used independently and are appropriate for children and young people of different ages and abilities and can be used in many different environments including outside, inside, classrooms, sports pitches and wilderness, and more. Each strategy is presented on a double page spread with illustrations and includes: - Issues this strategy will help address - How to implement this strategy - The strategy in action, with examples from a wide selection of educational fields - How this strategy helps maximise learning - Any pitfalls to be wary of - Other similar strategies to consider Aimed at teachers, outdoor and adventure instructors, sports coaches, drama and music teachers and science educators, this is valuable reading for all educators wanting to deliver exciting experiential learning activities.

This book provides proven practical strategies and approaches to help you run your existing learning activities in new and more effective ways. It shows how by using distinct and deliberate strategies, teachers and trainers can guide and maximise the learning and development that their activity provides.
