

Skeat

## English Dialects

From the Eighth Century to the Present Day

---

Originally published during the early part of the twentieth century, the Cambridge Manuals of Science and Literature were designed to provide concise introductions to a broad range of topics. They were written by experts for the general reader and combined a comprehensive approach to knowledge with an emphasis on accessibility. Published in 1911, W. W. Skeat's English Dialects from the Eighth Century to the Present Day offers a sketch of the beginnings of dialects in England, the elements of Scandinavian and French influence on them, and their gradual development over a period of twelve hundred years.
