

The Part-Time Trader

Practical advice and easy-to-follow guidelines for part-time stock traders Millions of people trade stocks in their spare time, supplementing their nine-to-five income with extra profits on the market. And while there are plenty of books on the market that cater to the needs of full-time traders, there are precious few that focus on the trading strategies that are best suited for part-time traders who must balance the demands of other responsibilities while successfully navigating a changing and dynamic stock market. This handy guide equips part-time traders with all the necessary tools for successful trading--including guidance on pre-market/pre-work studies and how to make profitable trades without interfering with one's day job. The Part-Time Trader focuses entirely on those trading strategies best suited for part-timers, making trading both simpler and more profitable. * One of the few books on trading intended and designed specifically for part-time traders with other jobs or responsibilities * Includes online access to the author's proprietary trading system that offers easy-to-follow guidelines for traders who can't spend all day watching the markets * Written by the co-founder of SharePlanner Inc., a popular financial website devoted to day-trading, swing-trading (both long and short), and exchange-traded funds For part-time traders who can't dedicate all their time to watching the markets and reading charts, The Part-Time Trader offers straightforward, profitable trading advice.

Praise for The Part-Time Trader "For those of you who toe the line between nine-to-five jobs and trading, Ryan Mallory's The Part-Time Trader is a godsend. His advice and insights will help you make money in the markets and maintain your career." --Jason Raznick, CEO, Benzinga.com "The idea of quitting your job to trade the markets full-time from home sounds fantastic but is unrealistic for most people. The Part-Time Trader will show you how anyone can do both well. Ryan's personal stories about how he managed both his career and trading accounts will serve as a road map for anyone who wants to have the best of both worlds. You'll learn how to balance both 'lives,' excel in your career, and earn extra income with your trading." --Tim Bourquin, TraderInterviews.com "Sick of your day job? Want to trade full-time or enjoy a retirement career that needs nothing but your computer and some stock charts? If this sounds like you, I want you to meet Ryan Mallory, founder of SharePlanner.com and author of The Part-Time Trader. Ryan has walked the walk, and in his new book, he lays out a clear and easy-to-follow blueprint to reach your goal of trading for a living." --John Nyaradi, Publisher, Wall Street Sector Selector (www.wallstreetsectorselector.com) "In The Part-Time Trader, Ryan provides a road map for aspiring traders to become successful while still holding a full-time job. Ryan combines personal experience with practical tips to develop trading strategies that don't require constant monitoring (and how to avoid detection from coworkers!). If you dream of becoming a trader but don't see how that's possible within your current limitations, this book may hold the solution for you." --Corey Rosenbloom, CMT, President, AfraidtoTrade.com, author of The Complete Trading Course "I have known Ryan personally for over a decade as both a great friend and business partner. I have found him to be a unique trader who is committed to extracting profits from the market. This is a must-read for those traders trying to balance a corporate schedule and wanting to make consistent profits in the market. His book is an outstanding, humorous, and helpful investment/trading resource. It is thorough, easy to understand, and has a uniquely appealing style and readability. But most important, it will teach you to be a better, more disciplined trader, no matter your circumstance." --Matt Walters, cofounder of SharePlanner.com
