

Brickner

Migration, Globalization, and the State

Drawing evidence from North and South America, Europe, Asia, and the Middle East, the contributors illustrate that even within the common framework of economic globalization, the ways in which the interests of state actors and the agency of migrants intersects continuously shapes and reshapes both home and destination societies.

Drawing evidence from North and South America, Europe, Asia, and the Middle East, the contributors illustrate that even within the common framework of economic globalization, the ways in which the interests of state actors and the agency of migrants intersects continuously shapes and reshapes both home and destination societies.
