

Digital Skills

Unlocking the Information Society

The first book to systematically discuss the skills and literacies needed to use digital media, particularly the Internet, van Dijk and van Deursen's clear and accessible work distinguishes digital skills, analyzes their roles and prevalence, and offers solutions from individual, educational, sociological, and policy perspectives.

The first book to systematically discuss the skills and literacies needed to use digital media, particularly the Internet, van Dijk and van Deursen's clear and accessible work distinguishes digital skills, analyzes their roles and prevalence, and offers solutions from individual, educational, sociological, and policy perspectives.
