

Privacy is Dead!

Who needs privacy? It's a human right that isn't just a concern for the rich and powerful wishing to shield their private lives from the media. Today, it's an urgent issue for anyone who communicates online. Index on Censorship assesses the threats to our data, considers the impact of tabloid exposés on press standards, explores the world of internet trolls and talks to the UK's leading privacy judge about striking the balance. Index on Censorship is an award-winning magazine, devoted to protecting and promoting free expression. International in outlook, outspoken in comment, Index on Censorship reports on free expression violations around the world, publishes banned writing and shines a light on vital free expression issues through original, challenging and intelligent commentary and analysis, publishing some of the world's finest writers.
