

Doing a Systematic Review

A Student's Guide

Written in a friendly, accessible style by an expert team of authors with years of experience in both conducting and supervising systematic reviews, this is the perfect guide to using systematic review methodology in a research project. It provides clear answers to all review-related questions, including: - How do I formulate an appropriate review question? - What's the best way to manage my review? - How do I develop my search strategy? - How do I get started with data extraction? - How do I assess the quality of a study? - How can I analyse and synthesize my data? - How should I write up the discussion and conclusion sections of my dissertation or thesis?
