Sex Differences

Developmental and Evolutionary Strategies

Sex Differences serves as an advanced text for courses in evolutionary and human biology, psychology, and sexuality and gender studies. It also serves as a reference source for academic professionals in these disciplines. The book covers the evolution of sex and sex differences, and sex differences and sexual strategies in non-human and human animals. The final chapter addresses issues of sex and gender in interpersonal relationships, organizations and politics. Diagrams, graphs, charts, and tables illustrate key concepts; cartoons and photos provide visual breaks and an element of humor.
Key Features
* Examines sexual differences from a multi-level comparative approach
* Contains a thorough coverage of literature through 1998 and into 1999
* Illustrates pages with a generous use of cartoons, photos, figures, and diagrams
* Invites bonus learning with special interest boxes interspersed throughout text
* Presents a critical analysis
* Includes a combination of feminist and evolutionary thinking
