

Divestitures and Spin-Offs

Lessons Learned in the Trenches of the World's Largest M&A Deals

The world of M&A has always been complex and nuanced. Corporations encounter their toughest business problems during a divestiture or a merger. At the same time, optimal execution of divestitures can also create high value for the seller as well as the buyer. This book is a collection of leading practices on Divestitures and covers end to end transaction life cycle from readiness through execution including post deal transformation. It contains the synthesis of experiences across a wide array of clients across industries, ranging from \$500 million to \$100 billion in revenue.

Each chapter in this book can stand on its own as an authority on leading practices related to the topic it presents, and together, these chapters provide a comprehensive set of perspectives needed to successfully complete a divestiture. The highlight of the book is valuable real-life examples and references that a business can benefit from, when it is considering, analyzing or implementing a divestiture.
