

Handmade Teaching Materials for Students With Disabilities

Due to the varied history of learning among disabled students, educators should ideally develop content tailored to each student's specific needs. However, in order to accomplish this, educators require easy-to-handle software and hardware for creating original content and aid for students with disabilities in their classes. Handmade Teaching Materials for Students With Disabilities provides emerging research exploring the theoretical and practical aspects of materials and technology made to help teachers in providing content and aid for students with disabilities and their applications within education. Featuring coverage on a broad range of topics such as assistive technologies, instructional practice, and teaching materials, this book is ideally designed for school teachers, pre-service teachers, academicians, researchers, and parents seeking current research on advancements in materials provided for teachers of disabled students.

This title is an IGI Global Core Reference for 2019 as it is one of the best-selling reference books of 2018 within the Education subject area, providing real-world applications and emerging research in creating inclusive educational environments through the use of assistive technologies, instructional practice, and teaching materials. Contributed by leading educators and researchers from the U.S. and Japan, this reference book is ideal for school teachers, pre-service teachers, academicians, researchers, and parents. Handmade Teaching Materials for Students With Disabilities provides emerging research exploring the theoretical and practical aspects of materials and technology made to help teachers in providing content and aid for students with disabilities and their applications within education. Featuring coverage on a broad range of topics such as assistive technologies, instructional practice, and teaching materials, this book is ideally designed for school teachers, pre-service teachers, academicians, researchers, and parents seeking current research on advancements in materials provided for teachers of disabled students.
