

Fostering Innovation and Competitiveness With FinTech, RegTech, and SupTech

Due to the emergence of innovative technologies, various professional fields are transforming their traditional business practices. Specifically, the financial and legal markets are experiencing this digital transformation as professionals and researchers are finding ways to improve efficiency, personalization, and security in these economic sectors. Significant research is needed to keep pace with the continuous advancements that are taking place in finance. *Fostering Innovation and Competitiveness with FinTech, RegTech, and SupTech* provides emerging research exploring the theoretical and practical aspects of technologically innovative mechanisms and applications within the financial, economic, and legal markets. Featuring coverage on a broad range of topics such as crowdfunding platforms, crypto-assets, and blockchain technology, this book is ideally designed for researchers, economists, practitioners, policymakers, analysts, managers, executives, educators, and students seeking current research on the strategic role of technology in the future development of financial and economic activity.

"This book addresses technologically innovative solutions and mechanisms from economic, financial, and legal perspectives"--
