

## Learning Skills for Nursing Students

---

This book helps students master the key learning skills they need to become successful learners throughout their degree and beyond. It clearly explains the core skills they will need right from the start of the course, such as writing and numeracy skills and how to organise studies. It also introduces more advanced skills that students will need as the course progresses, such as research and evidence based practice. It shows how to use these important skills to succeed both at university and as a registered nurse.

A clear, practical and useable introduction to the key skills students need to become successful learners throughout their course and beyond.
