Older Scots Vowels

A History of the Stressed Vowels of Older Scots from the Beginnings to the Eighteenth Century

Offers a comprehensive linguistic exploration delving into the intricate evolution of vowel sounds in the Scots language during its earlier stages. The author scrutinizes historical texts and phonetic changes, offering valuable insights into the development of vowel systems and their impact on the linguistic landscape of Older Scots. This scholarly work provides a meticulous analysis, making it an essential resource for linguists, historians, and enthusiasts interested in the rich linguistic heritage of Scotland.
