

11+ Tuition Guides: Numerical Ability Workbook 2

Help Students Prepare! A Comprehensive Guide to The 11+ and Common Entrance Exams The Teachitright Numerical Ability Workbook 2 provides a comprehensive set of questions to help students prepare for the key topics tested in both the 11+ and Common Entrance exams. Classroom-tested in Teachitright centres, the questions are substantiated by the learn and develop sections which seek to enhance time management skills in the timed tests throughout the book. As with Numerical Ability Workbook 1, this book drills down and tests core topics such as statistics, data handling and shape and space - as well as all-important attention to detail. It offers an ideal resource for the CEM 11+ and Common Pre-Test exams, a detailed understanding of crucial question types, practice on ways to manage time efficiently, questions optimised for age and ability and explained answers and step-by-step hints and tips.
