Logic, Computation and Rigorous Methods

Essays Dedicated to Egon Börger on the Occasion of His 75th Birthday

This Festschrift was published in honor of Egon Börger on the occasion of his 75th birthday.

It acknowledges Prof. Börger's inspiration as a scientist, author, mentor, and community organizer. Dedicated to a pioneer in the fields of logic and computer science, Egon Börger's research interests are unusual in scope, from programming languages to hardware architectures, software architectures, control systems, workflow and interaction patterns, business processes, web applications, and concurrent systems.

The 18 invited contributions in this volume are by leading researchers in the areas of software engineering, programming languages, business information systems, and computer science logic.
