

Development, Globalization, Global Values, and Security

Essays in Honor of Arno Tausch

This book, written in honor of Arno Tausch, presents cutting-edge research on globalization, development, and global values. Internationally renowned authors cover topics such as global economic and political cycles, global values, and support for terrorism.

Over the last five decades, the Austrian political scientist Arno Tausch was a pioneer in studies on globalization, development and global values. This collection of essays takes up the issues dealt with by Tausch and presents perspectives for the 21st Century. Throughout his work, Tausch applied quantitative methods to study the fundamental issues of the global political economy and the global political system, like dependency, economic and political cycles, and global values, based on a rigorous study of available social scientific data, like the World Values Survey and the Arab Barometer.
