

Big Data Computing and Communications

Second International Conference, BigCom 2016, Shenyang, China, July 29-31, 2016.
Proceedings

This book constitutes the proceedings of the Second International Conference on Big Data Computing and Communications, BigCom 2016, held in Shenyang, China, in July 2016. The 39 papers presented in this volume were carefully reviewed and selected from 90 submissions.

BigCom is an international symposium dedicated to addressing the challenges emerging from big data related computing and networking.

The conference is targeted to attract researchers and practitioners who are interested in Big Data analytics, management, security and privacy, communication and high performance computing in its broadest sense.
